**Reasons for Vote.**

I voted "yea" on the committee report on H. B. No. 1 because I am convinced that the State of Texas will have to appropriate money to help the destitute this winter. I regret that I, assisted by a minority, could not induce the Senate to have the conference committee take the bill back and take out some provisions which should not have been in the bill. I object to the provision in the bill that appropriates \$100,000.00 for the construction of a building at Sanatorium for the treatment of tuberculars, because this money was meant to be spent to feed the hungry and not to build buildings. I object to that provision in the bill that denies any county that has a county or city hospital any of these funds to pay hospitalization of relief subjects.

I object to that provision in the bill which increases the security behind the bonds already issued, thereby enriching the people who own these bonds. There are also other provisions that I object to but there was no way to eliminate such provisions.

Sec. 3. The fact that the present law does not require a separate fish dealer's license for each place of business operated by a fish dealer, and the further fact that chain stores under the existing law may operate any number of stores throughout Texas by paying one wholesale fish dealer's license, and the fact that such a condition works to the benefit of the chain store, and the further fact that the failure of the original Act to provide for the posting of such license in each place of business, renders the enforcement of the Act difficult, creates an emergency

and an imperative public necessity authorizing the suspension of the constitutional rule requiring bills to be read on three several days in each House, and said rule is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

#### **Bills Referred.**

H. B. No. 50, referred to the Committee on Agriculture.

H. B. No. 56, referred to the Committee on Agriculture.

**Senate Resolution No. 26.**

Senator Woodul sent up the following resolution, as amended:

Whereas, There has existed for some time in Texas a great wave of lawlessness, such as kidnapping, bank robberies, hijacking, gang murders, and open violations of the penal statutes relating to all forms of gambling, sale and transportation of intoxicating liquors, vice, and various and sundry forms of other crimes; and

Whereas, The observance of all laws by the people of a State and the enforcement of same by the constituted authorities of same, including the juries of our land, are essential to the preservation of our institutions; and

Whereas, There is an insistent demand for amendments to our penal code and code of criminal procedure looking to a tightening up of the criminal laws of this State to bring about a more certain enforcement of such laws and the conviction of the evil doers; and

Whereas, There is much demand that the various law enforcing agencies be consolidated to the end that there be no divided responsibility and that an adequate force be maintained at all times looking to the strict enforcement of all laws, such demands among others calling for the establishing of a State constabulary; the combining of the State Ranger force and the State Highway Patrol; and a State bureau of identification; and

Whereas, It is well known that the present and growing disregard for all the criminal laws of this State and the negligence and/or wilful failure on the part of many of our law enforcing officers to properly enforce such laws are costing and will continue to cost the citizens of Texas more each year than our present cost of State government, not to consider the cost in the moral breakdown of the citizens of this generation and of those to come; and

Whereas, The Democratic Platform adopted at the State Democratic Convention at Galveston on September 11, 1934, calls upon the Legislature of Texas to enact all necessary measures looking to a more strict enforcement of all laws; and

Whereas, The time of convening the Forty-fourth Legislature is near at hand and it is important that an

adequate investigation and study of the present lawless situation, the lack of law enforcement on the part of some of our public officials, and the cause, if any, for the alleged failures of juries to convict, be made and a report with recommendations be made to the Senate of Texas in order that appropriate legislation be properly enacted; therefore, be it

Resolved, by the Senate of Texas of the Forty-third Legislature, That the Lieutenant Governor be authorized, and that he do immediately upon the passage of this resolution appoint a committee of five members of the Senate, which committee shall select its own chairman, and make its own rules of procedure, which committee shall investigate and report to the Senate of Texas within thirty days after the convening of the Regular Session of the Forty-fourth Legislature:

1. Upon the present, and, if any, growing disregard and violation by the criminal element of any and all laws of this State.

2. The effort or lack of effort on the part of any or all officers of the State Government to enforce the laws of this State.

3. The effect, if any, that the disregard of some of the laws of this State has upon encouraging and making possible the violation of other laws of this State.

4. The effect, if any, that the lack of strict law enforcement by officials in certain sections has upon encouraging and making possible violations of law in other sections of the State.

5. Upon any defects, if any, in our Penal laws, laws of criminal procedure, and in our present jury system.

6. Also to fix responsibility, if possible, for the present seeming breakdown in the enforcement of our criminal laws.

7. Also to suggest needed rearrangement or consolidation of our State Police System.

8. Also to make special investigation with reference to the so-called racket of slot machines and activities of allowing book-makers to run in Texas and whether or not certain lawyers of this State are in league with the illegal operators on a retainer basis to help them defeat the criminal laws of this State.

In addition to all of the power necessary to carry out the full and complete terms of this resolution, said committee appointed hereunder shall have all the authority conferred by existing law, and shall act under this resolution and under such existing law.

Said Committee shall have the power to formulate its own rules of procedure and evidence, and to provide for its own hours for meeting and adjourning; said committee shall sit at the Capitol at Austin and at such other places as the committee in its discretion may determine, and sessions of said committee shall be open to the public except at such times as the committee, by a majority vote, may determine to hold an executive session. The Chairman of such committee shall be elected by a majority vote of the members of said Committee, and the committee shall appoint its own secretaries and employees, and its Sergeant-at-Arms.

That the committee shall have power to issue process for witnesses to any place in this State, and to compel their attendance, and produce all books and records, and upon disobedience of any subpoena the said committee shall have power to issue attachments which may be addressed to and served either by the Sergeant-at-Arms appointed by said committee or any sheriff or any constable of this State. Said committee shall have power to inspect and make copies of all books, records, or files of any person, firm, association or corporation, or any employee, agent or servant of any of the foregoing parties, where such document appurtenant to any matter under investigation is deemed necessary by said committee. The committee shall have power to administer oaths and affirmations and fix the bonds of attached witnesses; and the committee shall further have all powers necessary in order to accomplish the purposes for which it is appointed, including all laws now in effect, the specification of any powers enumerated in this resolution being cumulative of all other necessary powers inherent under the law and by this resolution in said committee.

The witnesses attending said committee under process shall be allowed the same mileage and per diem as is

allowed witnesses in the trial of criminal cases in the district court.

Said Committee shall have power and authority to employ and compensate all necessary experts, investigators, attorneys, stenographers, clerks, auditors and all other necessary employees, and it shall be the duty of said committee to make and keep a record of its investigation.

That said committee may call upon the Attorney General's Department for assistance and advice and it shall be the duty of the Attorney General's Department to render opinions, give counsel and assistance to said committee upon the request of the Chairman or members of said committee.

Said committee may call upon all officers of the State Government including county, district and municipal officers to render assistance to said committee, and upon the request of the Chairman or members of said committee it shall be the duty of all such officers to aid and assist said committee.

That said committee shall begin and complete its investigation at the earliest practicable moment and shall submit a report in writing to the Forty-fourth Legislature within thirty days after the convening thereof in regular session. The compensation of employees and expenses herein provided for incident to such investigation shall be paid out of the appropriation for mileage and per diem and contingent expenses of the Forty-third Legislature, upon sworn account of persons entitled to such pay when approved by the Chairman of said committee, and sufficient money is hereby appropriated out of the mileage and per diem and contingent fund of said Forty-third Legislature to meet the payment of expenses of the members of said committee, witnesses, fees and other expenses incident to said investigation. Provided, however, that each member of the committee and each employee of the committee shall file with the chairman of the committee, at the end of each week, a sworn, itemized statement of expense accounts and said statements of accounts shall be subject to approval and investigation of the committee.

Said committee, in addition to making its report and findings as herein provided, shall include in its

report its recommendation of any legislation that should be enacted or any other action that should be taken.

#### A BILL

#### To Be Entitled

An Act for the purpose of releasing the interest and penalties from all delinquent ad valorem and poll taxes that were delinquent on or before August 1, 1934, due the State, any county, city, common school district, independent school district, road district, levy improvement district, water improvement district, water control and improvement district, irrigation district, and other defined subdivisions of the State provided same are paid on or before February 1, 1935; providing that nothing in Section 1 of this Act shall be construed as postponing limiting, or extending the time for the payment of delinquent taxes covered by this Act nor prohibiting, postponing, or delaying the filing or prosecution of any suits, for the enforced collections of the same, provided that all interest and penalties shall be released as provided in Section 1 hereof; providing that any one desiring to pay at one time all delinquent taxes on the same property for any one year, or for any number of years, may so pay without paying all the delinquent taxes on the same; providing that all laws in conflict with this Act are expressly suspended during the term of this Act insofar as same are in conflict with the provisions hereof; providing that if any section, clause, sentence, paragraph, or

part of this Act be adjudged to be invalid by any court of final or competent jurisdiction, such judgment shall not affect, impair or invalidate the remainder of this Act; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That all interest and penalties that have accrued on all ad valorem and poll taxes that were delinquent on or before August 1, 1934, due to the State, or to any county, city, common school district, independent school district, road district, levy improvement district, water improvement district, water control and improvement district, irrigation district and other defined subdivision of the State, shall be and the same are hereby released, provided said ad valorem and poll taxes are paid on or before February 1, 1935.

It is hereby expressly and specifically provided that the penalties and interests herein released are released only and on delinquent ad valorem and poll taxes and on no other taxes.

Sec. 1. Nothing contained in Section 1 of this Act shall be construed as postponing, delaying or extending the time for the payment of delinquent taxes covered by this Act, nor as prohibiting, postponing, or delaying the filing or the prosecution of any suits for the enforced collection of the same, provided that all interest and penalties shall be released as provided in Section 1 hereof.

Sec. 3. Any person, firm, association of persons, or corporation desiring to pay at one time all delinquent taxes owed by such person, firm, association of persons, or corporations for any one year or for any number of years shall have the right to pay same under the provisions of Section 1 of this Act without at the same time paying any other year or years.

Sec. 4. All laws and parts of laws in conflict with the provisions of this Act are hereby expressly suspended during the term of this Act insofar as the same are in conflict with the provisions hereof.

Sec. 5. It is further provided that in case any section, clause, sentence, paragraph or part of this Act shall for any reason be adjudged by any court of competent or final jurisdiction to be invalid, such judgment shall not in effect impair or invalidate the remainder of this Act, but

shall be confined in its operation to the section, clause, sentence, paragraph, or part thereof, directly involved in the controversy in which said judgment shall have been rendered.

Sec. 6. The fact that millions of dollars in taxes are now due and have been due to the State and its subdivisions for many years past by people who would meet their obligations to the State Government if the heavy costs and penalties and interests were omitted, creates an emergency and an imperative public necessity demanding that the constitutional rule which requires all bills to be read on three several days, in each House be suspended, and said rule is hereby suspended; and said Act shall be in force and take effect from and after its passage, and it is so enacted.

Whereas, The states of California, Arizona and New Mexico were closely linked with Texas in the establishment of a new empire and democracy, with the state of Louisiana assisting Texas with materials and men in its struggle for freedom; therefore, be it

Resolved, That the Senate of the State of Texas, the House concurring, extends its most cordial invitation to the President of the United States, members of the cabinet and other federal government officials, and to the Governors of California, Arizona, New Mexico, and Louisiana to par-

ticipate in and attend the Texas Centennial in 1936. And be it further

Resolved, That the President of Mexico and other Mexican government officials are hereby extended similar friendly invitation to visit this State during the Centennial, the people of Texas and Mexico over a period of many years having been united in neighborly understanding and friendship, and whose citizens, both of Texas and Mexico, won their liberties by defeating military dictatorship, and whose citizens wish to continue the neighborly relations between Texas, her sister states, and Mexico. And be it further

Resolved, That the Governor, Legislature and people of Texas, should it be consistent with Mexican policy, will deeply appreciate any action the congress of Mexico and President of Mexico may take in permitting the people of Texas to view during the Centennial the New Orleans Grays' flag captured in the Battle of the Alamo.

"Sec. 2. (a) The term 'person' when used under this Act shall mean any individual, firm, co-partnership, or corporation.

"(b) The term 'producer' shall mean any person regularly engaged in the production of fluid milk for sale.

"(c) 'Distributors' means any of the following persons engaged in the business of handling fluid milk:

"(d) The term 'processor' shall mean any person who receives or buys milk or milk fats for the purpose of changing its nature or character by physical or chemical means into other forms, such as butter, cheese, ice cream, condensed milk, buttermilk, chocolate, or other flavored milk, or milk converted into any other form.

"(e) The term 'fluid milk' when used under the provisions of this Act shall mean the fresh clean lacteal secretion obtained by the milking of one or more healthy cows which secretion has not been soured nor been skimmed or separated; that it has not less than 8½ per cent of solids not fat, and not less than 3¼ per cent milk fat, nor been churned, nor evaporated, or condensed, nor been reduced to powdered form, nor otherwise processed so as to materially change its original condition.

"(f) The term 'milk industry' when used in this Act shall mean producers, distributors and processors of milk and milk products as defined in this Act.

"(g) The term 'milk products' when used under this Act shall mean all products of fluid milk, such as sour and sweet cream, skimmed milk, butter, cheese, ice cream, condensed milk, evaporated milk, powdered milk, powdered skim milk, buttermilk, chocolate milk or other flavored milks.

Said advertisement shall be a display advertisement and shall be of a size at least two columns by six inches. Said notice shall be mailed or shall be published at least five days previous to the time of the hearing and it shall contain information as to the time and place of the hearing, and shall state where a copy of the code or a contemplated change in an existing code may be secured.

"(n) A 'retail outlet' shall be a person who handles milk and/or milk products for a resale to people who customarily do not consume them on the premises where sold.

"Sec. 3. Any representative group engaged in the milk industry, in any county having a population in excess of 350,000 according to the Federal census last preceding the time when in said county attempt is made to exercise the provisions of this Act, may submit to the board hereinafter authorized a code or agreement of fair competition and trade practices. In each county of the above mentioned class, a local milk industry board of five members shall be elected, as follows: Two members of the board shall be elected by the contracting producers; two by the contracting distributors; and the fifth member, to represent the consumers, shall be elected by the other four. Such fifth member shall be a resident of the sales area and shall have no connection, financially or otherwise, with the distribution of milk or products derived therefrom. The fifth member shall be designated by the Commissioner in the event such member is not elected within five days of the effective date of this agreement by the four members as above provided.

"Members representing the contracting producers and contracting distributors, respectively, shall be elected by the respective parties in a manner to be determined by them-

selves, provided that a vote of producers representing not less than 70 per cent of the total volume of milk produced within the production area, for distribution as fluid milk during the calendar month next preceding such election which percentage of distribution shall include 10 per cent of the distributors by number, respectively, shall be necessary for such election. Upon election the names of all the members shall be certified by the party or parties conducting such election to the Commissioner for his approval. The Commissioner may require that such certification include a statement of the manner and vote by which the respective members were elected and the percentage of the total production or sales of fluid milk within the area represented by such vote. Members whose names have been certified to the Commissioner and approved by him shall enter upon the discharge of their duties. The certificate of the Commissioner approving such member shall be prima facie evidence that such member has been elected by the required number and percentage of the total volume of milk of the group from which he was elected. If the Commissioner shall not approve a member, there shall be a vacancy on the Milk Industry Board. Any member representing producers or distributors may be removed with or without cause, by vote of all producers or distributors, as the case may be, representing a volume of milk equal to at least three-fourths of the volume and number by which he was originally elected. Any vacancies on the Milk Board shall be filled in the same manner and by the same parties as provided for the original election.

"The Milk Industry Board shall be organized by the members of the selection of a chairman, vice-chairman, who shall be members, and a secretary-treasurer who may or may not be a member. The Milk Industry Board shall employ such agents, assistants and clerks as may be necessary to perform its duties. All officers and employees of the Milk Industry Board who handle funds of the Milk Industry Board or who sign or countersign checks upon such funds shall severally give bonds in such amounts and with such sureties as shall be determined by the Milk Industry Board. The cost of such

bonds shall be paid by the Milk Board.

"The members shall serve without compensation, but shall be entitled to reimbursement for the expenses incurred in the performance of their duties.

"Said Board shall then provide for due notice to the parties interested and for a hearing on the proposed code and/or agreement. Any proposed code and/or agreement that receives the approval on matters affecting the distributors of 10 per cent of their number and 60 per cent of their volume sold in the milk shed or trade territory affected, and affecting producers of 51 per cent of their number and 70 per cent of their volume represented in the milk shed affected, shall become a duly constituted code upon receiving the approval of the Board. The Board shall not approve a code or an agreement unless said code contains ample protection for consumers, competitors and tends to effectuate the policies herein declared. Every distributor and every processor and every retail outlet for milk or milk products, as defined in this Act, shall apply to the Board for a certificate of authority following the approval of a code and/or agreement to engage in such milk industry in the territory affected, and no distributor or processor or retail outlet after the effective date of said code, codes or agreements shall engage in or carry on any milk industry in any area where such code, codes or agreements are in effect without such certificate of authority. Every person required to procure a certificate of authority shall pay to the Board One (\$1.00) Dollar for each certificate issued, said certificate to be valid for a period of one year from date issued, unless revoked sooner as herein provided.

"Sec. 4. After the Board shall have approved such code, codes, or agreements, the provisions thereof shall be the standard of fair competition for such milk industry within the area defined in such code, codes or agreements, and any violation of such standards in any transaction in or affecting the milk industry in such area shall be deemed to be an unfair method of competition within the meaning of this Act.

"Sec. 5. Any district court in the

State of Texas having jurisdiction over the territory or any portion thereof where such code, codes, or agreements are made effective is hereby invested with jurisdiction, and it is hereby made the duty of said courts to prevent and restrain violations of any such code, codes or agreements of fair competition approved under this Act by the Board and/or any provision of this Act, and it shall not be necessary in such suit for the plaintiff to allege and prove that such plaintiff will suffer irreparable injury, or any damage; nor that it does not have an adequate and complete remedy at law. It shall be the duty of the several district attorneys authorized to act in said localities to institute, under the direction of the Board, proceedings in equity to restrain such violations.

"Sec. 6. Any code, codes or agreements approved by the Board under the authority of this Act may be amended, changed, enlarged, modified or suspended upon the Board's own motion and upon the approval on matters affecting distribution of 10 per cent of the distributors affected in numbers and 60 per cent of the volume of the distributors affected and upon the approval on matters affecting production of 51 per cent of the producers affected and 70 per cent of the volume affected, or upon the application and approval on matters affecting distribution of 10 per cent of the distributors affected in numbers and 60 per cent of the volume of the distributors affected, and on matters affecting production of 51 per cent of the producers affected and 70 per cent of the volume affected. The Board must provide for due notice and public hearing of contemplated changes.

"Sec. 7. (a) The Board may suspend or revoke such certificate of authority after due notice and opportunity for hearing for violation of the terms and provisions of any code adopted and approved under the authority of this Act.

"(b) Any distributor or processor or retail outlet who without such a certificate of authority carries on any transaction in the intra-state handling of milk or milk products for which a certificate of authority is so required shall upon conviction

thereof be fined not to exceed \$200.00 and each day such violation continues shall be deemed a separate offense.

"(c) Any officer, agent or servant of any corporation or firm violating any provision of this Act shall be individually and personally subject to the punishment provided for in Section 7, sub-section (b) of this Act whenever any such officer, agent or servant had knowledge of such violation by the corporation or firm at the time same was committed and where it was at the time of such violation within the power of such officer, agent or servant to prevent the same.

"Sec. 8. Any code, codes or agreements authorized hereunder shall provide for and have authority and power to provide for the necessary funds for the administration thereof. These funds shall include a sum not to exceed two cents per one hundred pounds of milk, or its equivalent, which shall, with all other fees for the certificate of authority, filing of codes or agreements, be paid into the Milk Industry Board, to be used for expenses in the administration of their duties. These funds shall be based on the milk sold as fluid milk and shall be paid by distributors for each calendar month within fifteen days following the last of each month, direct to the Milk Industry Board.

"Sec. 9. If any section or provision of this Act shall be declared unconstitutional or invalid for any reason, such decision shall not affect any other provision or portion of this act, and such other provision or provisions shall remain in full force and effect.

"Sec. 10. All acts of any such Board shall be prima facie valid.

"Sec. 11. All Boards and members thereof elected and approved by the Commissioner of Agriculture of the State of Texas under the provisions of Chapter 19, House Bill 88, Acts of the Second Called Session of the Forty-third Legislature and all proceedings had by any such Boards are hereby expressly validated."

Sec. 12. The importance of the matters covered by this Act, the emergency declared to be existing and the necessity for affording and supplying a constant and sufficient

quantity of properly prepared and sanitarily protected supply of fluid milk for the people of Texas and particularly the people in the more congested populated centers, and the fact that there is now no adequate law regulating matters provided for herein, and the further fact that neither the Agricultural Adjustment Act nor the National Industrial Recovery Act of the Federal Government applies to business moving in intra-state commerce in the State of Texas, creates such an emergency and imperative public necessity that the constitutional rules requiring bills to be read on three several days in each House should be suspended, and the said rule is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

Senator Collie sent up the following amendment:

Amend the Stone, et al., amendment by adding the following:

COLLIE.

**Points of Order.**

to my room for illness for several days and it is unlikely that I shall be able to appear before the Legislature in the immediate future.

In addition to the foregoing there has been \$10,236.65 expended in the care of tubercular patients.

GEORGE R. DONNELL.

ERL:4m

Dallas, Texas, Sept. 25, 1934.

Senator George Purl,

Austin, Texas.

Consider it eminently unfair that hospitalization provision of relief measure should penalize counties and cities conducting charity hospitals. Doing their best for their own citizens they should not be deprived of State aid extended to other counties for similar cases Dallas institutions swamped now with outside applications in excess of capacity.

L. W. BAILEY,

Editor, the Dallas Dispatch.

Dallas, Texas, Sept. 25, 1934.

Senator George Purl,

Texas Senate, Austin Texas.

Unofficial estimates 50 to 70 per cent of monthly charity load at Parkland Hospital here originate on relief rolls. Administrator Stephany promises better figures from supervisors during morning. Parkland

reports about 6,750 charity patient days per month, \$2.70 per patient day. Many relief clients also hospitalized by city county system at tubercular and old age hospitals, thereby removing them from relief rolls at local governments' expense. Stephany's revised estimates later.

MEAD.

Dallas, Texas,

September 28, 1934.

Hon. Bob Barker,  
Secretary of the Senate,  
Austin, Texas.

My Dear Mr. Barker:

It was very kind of you to furnish me with a duly authenticated and certified copy of the Resolution No. 30, by Senator Woodruff, passed by the Senate of Texas, commending members of the Texas Relief Commission for their services.

I shall file this away in my archives as a reminder of an eleven-month experience encompass-

ing many interesting problems, much pathos, many crucial tests of patience and forbearance, differences in opinion, and yet a steady and continuous effort to accomplish the purpose of the Legislature and the people of Texas. Many friends have been made and I think none lost. And, may I add that I am glad to be relieved from further obligation to duty under such circumstances.

As occasion may permit I will appreciate your extending to the members of your body my personal appreciation of their sentiments prompting this action on their part.

Sincerely yours,

MARION N. CHRESTMAN.
